

## **Suite Meridiana/Southern Suite**

*Christian Arpaia*

This is a collection of photos taken during my explorations—both as a sailor and as a mountain biker—of the Mediterranean presences in Southern Italy. These presences include elemental instability, natural-cultural metamorphoses, and silences. The pictures, except for #5, have been taken in the Bay of Naples.

Estas presencias incluyen inestabilidad elemental, metamorfosis naturales-culturales, y silencios. Las fotos, a excepción de # 5, se han tomado en la bahía de Nápoles.
