

## **Animal Behaviour**

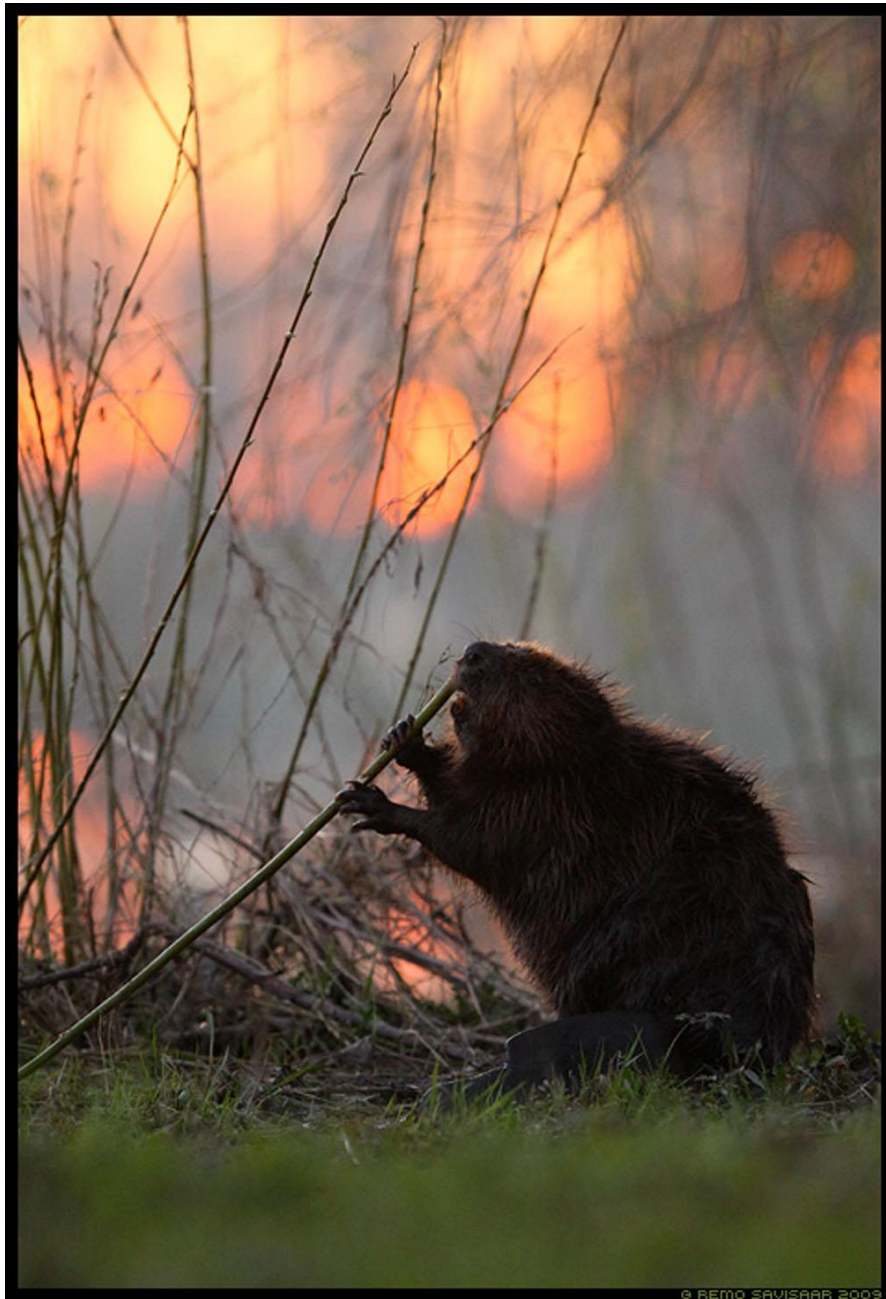

*Remo Saavisar  
Estonia*

Clash of titans – Grey seals (*Halichoerus grypus*) fighting over a resting stone.

Water Vole (*Arvicola terrestris*) transporting her young from one burrow to another

European beaver (*Castor fiber*) choosing and cutting a fresh willow branch to eat

White-tailed Eagles (*Haliaeetus albicilla*) fighting over a perch

When a Common kingfisher (*Alcedo atthis*) catches a fish, it flies to its perch, bashes the fish head on the branch, throws it up into the air, catches it, and finally swallows the fish head first.
