

Notes on endangered species #1

Florian Auerochs

Otto-Friedrich-University Bamberg, Germany
florian-michael.auerochs@stud.uni-bamberg.de

I. *Pisaster ochraceus*

I've seen
sea stars dying
along the Pacific coast

I watched them
crumble in the dark
on youtube

viral
tears

II. *Geronticus eremita*

I've seen
the ibis' absence

bald bearded black-clothed extinct extremists

time to die

ethical shops
on fire
pop
